We hope you will come with us to enjoy a different kind of travel experience that is focused on health, wellness and great activities at a slower rate. The tour will follow a slower pace of activity, but will still include some amazing experiences for learning and enjoyment.

This tour will be limited to a smaller group. Depending on who is interested, the group size could be from 9 - 16. Those joining will fly into Puerto Vallarta and then take private transportation to the beautiful villa you will call home for the next 6 days.

The villa experience comes with a full staff including a private chef producing excellent meals and pool side snacks. The villa has daily house keeping and the staff is available for extra needs and ideas. The villa has 10 rooms, most with a single King Bed. There are two rooms that have a single king bed and a plush sofa bed. One rooms has two double beds. Each room has it's own bathroom. The villa is a very short walk to a private beach, which the staff will prepare with chairs and umbrellas.

Beyond this incredible villa, the group will take a slower pace and explore some incredible opportunities, but will also have time to savor this place and enjoy some time to relax.

We don't have each day's activities scheduled yet, but we will be doing the following:

- **A Whale & Dolphin Watching Tour with a marine biologist**
- **A Tequila (Agave Farm) farm and distillery with tour**
- **A walking tour of Old Town Puerto Vallarta**
- **There are other excursions that will be available for you to choose from as well. These are not included in the price and would be extras for folks interested.**
- **One dinner out as a group away from the Villa in a highly sought after restaurant in downtown Puerto Vallarta.**

This tour will be a great way to enjoy this beautiful place in Mexico without the crowds of a large resort. You will be recharged and rested upon your return!
